| <p><b>Calculations involving ratio</b></p> <p>Encourage children to see the multiplicative relationship between ratios. They will need to multiply or divide each value by the same number to keep the ratio equivalent. Double number lines and ratio tables help children to see both horizontal and vertical multiplicative relationships.</p> | <p>For every ... , there are ...</p> <p>For every 6 children on a school trip, there is 1 adult.</p> <div><div>adults</div><div>children</div></div> <p>The ratio of children to adults is 6 : 1</p>                                                                                                                      |      |     |     |     |     |     |     |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                               |      |  |  |  |  |  |  |  |  |  |     |     |     |     |     |     |     |     |     |     |
